BraveTree
2026 – 2027 Class Schedule

	Community Hour 2:30 – 3:30 This is an optional hour set aside for community building activities and clubs. Community hour helps to bridge the gap between regular class time and meaningful relationships. Community hour meets on select Fridays only. More clubs TBD.
The Maker's Space	This is a space provided for parents and kiddos to hang out while additional siblings are in clubs. Families have fun while they wait, building Legos, blocks, playing board games, and painting etc. If space allows, this club is also a place for our younger students, (10 and under) to come create and play with friends. **A parent must be in attendance with their child/children to be in this club.**
Board Game Club **(11 and up)**	Students spend time playing board games and participating in group activities.
